MEMPHIS PRAISED FOR AIR PROGRESS

Farther Advanced Than N. Y.,
Says Commission for
World Race.

The most liberal comments were paid Memphis from the standpoint of aviation development by the leaders of the commission which is making a tour of the world for the purpose of selecting a route for the first all-around the world aerial derby. G. G. Garrison, president of the Memphis Aerial company, stated upon his return from Kansas City, where he met the commission.

Mr. Garrison went to Kansas City as chairman of a committee representing the Chamber of Commerce, comprised of W. F. McMorris, vice-president of the Memphis Aerial company, and Dr. D. K. Sauls.

Commodore Louis D. Beaumont, millionaire patron of aviation, and head of the commission, said: "You have advanced farther in Memphis than any other city we have visited, including New York."

Allan Hawley, president of the Aero Club of America, another member of the commission, said that the report which Mr. Garrison made of facilities in Memphis for supplying the needs of touring aviators was "the most encouraging report received in any city."

Later, after Mr. Garrison, Commodore Beaumont said: "By associating yourselves with this project you become a pioneer in the aeronautic movement which is to take its place in the commercial world as one of the main modes of transportation."

Mr. Garrison reported to the commission that only were two good landing fields available for flyers who aton here in the great around the world race, but there is a supply and repair station fully equipped. Memphis was formally placed on the route of the derby as soon as the report was made and the Chamber of Commerce committee made referees of the race for this point.

Flyers who enter the derby, so Commodore Beaumont informed Mr. Garrison, may do so at any stopping point, such as Memphis, along the route, the requirement being that the flyers circumnavigate the globe and return to the point from which they began their flight.

The commission began its tour in New York and is working west. From Kansas City it went to Denver, and from Denver will go to Los Angeles, there to take ship for Japan and China. They will go across the continent of Asia and Europe and finally cross the Atlantic and return to New York.

Over \$1,000,000 in prizes are offered for the successful competitors in the derby and it will be the greatest aviation event ever held.

LOWDEN BOOM IS STARTED HERE

Local Republican Undertakes
to Form Club to Boost
Illinois Governor.

The Lowden-for-president boom has reached Memphis, E. V. Francis, of 1247 Azalia street, who formerly resided in Illinois, having started to form a Lowden club, with the purpose of "presenting" Gov. F. O. Lowden of Illinois as a candidate for the presidential nomination.

Mr. Francis has undertaken the formation of the club on the request of N. W. Buechler, of Illinois, a Lowden scout, who came to Memphis for that purpose. Mr. Buechler stated that Gov. Lowden's campaign for the Republican presidential nomination was launched on Oct. 22 at the Congress hotel in Chicago. "It was a great gathering of Lowden followers," he said, "from all over the country and it seems certain that the Illinois governor will be the nominee of the Republican ticket."

Mr. Buechler also stated that he has visited every state in the union during the past six months and that Gov. Lowden has strong supporters in every one of them.

Gov. Lowden has extensive interests in the tri-state territory, owning 40,000 acres of alluvial land in Arkansas and a plantation in Tennessee. He will probably make an address in Memphis on Dec. 15, as he has received an invitation to speak at the annual meeting of the Southern Alluvial Land association at the Hotel Chick on that day. He passed through Memphis a few days ago en route to New Orleans where he addressed the world cotton conference.

SUNDAY SCHOOL GIVES TO JACKSON ORPHANS

COLDWATER, Miss., Oct. 24 (Sp.)—The Methodist Sunday school at this place has contributed two hundred dollars to the orphan's home at Jackson, Miss., as a result of "work day," which is observed here annually. The members of the Sunday school give the proceeds of one day's work to the orphanage, and the collection this year was the best they have ever taken up for that cause.

POST
TOASTIES

Our entire second floor is devoted to Boys' and Children's Clothing. The largest, finest and most complete Boys' Department in the South.

Better clothes for boys

IF YOUR boy didn't do anything more strenuous than what you see in the illustration you wouldn't have to bother much about wear; but that's only a side line; he'll be in a football game in a minute or two.

He wants good style for the first occasion, and you want him to have good wearing quality for the second. You'll find both in the boys' clothes at Oak Hall. They're made as good as father's, and as stylish as the clothes for college men. The best boys' clothes values ever offered. Knicker suits and overcoats.

I. O. O. F. GRAND LODGE AT COLUMBIA 1920

CHATTANOOGA, Tenn., Oct. 23 (Sp.)—The grand lodge of Odd Fellows selected Columbia as the next place of meeting and adjourned its annual session here this afternoon. The officers elected for the ensuing year were as follows: J. D. Baumgardner, Bristol, grand master; W. M. Hanna, Harriman, deputy grand master; A. R. Cross, Chattanooga, grand warden; J. R. Harwell, grand secretary.

A committee was appointed to devise plans for raising the \$100,000 endowment fund for the orphans' home.
